

Helping Contractors Deliver Superior Products & Support To Their Customers

SaniDry Upright Model

The SaniDry Basement Air System effectively dries the air in any basement, making it smell better and reducing the chance for mold growth. In addition, the SaniDry unit filters particles out of the air including mold spores, and dust. The unit's powerful blower moves air around the basement to dry the entire space.

Item # 07000 SaniDry – upright model **\$930.00 each**

20"l x 17"w x 36"h Covers maximum of 1500 sq. ft. • ½" diameter of drain tube.

Sump Pump Kit

Includes:

- Durable liner – 22 3/4" high X 19 1/2" wide rugged, heavy duty, thick wall liner with patented pump centering ring molded into floor. Comes with or without 96 weep holes drilled into liner, and draitile knockout.
- Sealed lid strong enough to stand on with 4 "easy in" lag screws.
- Rubber grommets for cord and discharge pipe.
- Check valve (screws right into pump).
- Rubber disconnect fitting for discharge pipe.
- Zoeller 1/3 hp pump with integral mechanical float switch.

Item # 02062

Vent Covers

Insulated! Our Vent Cover seals crawl space vents permanently from the outside to stop unwanted outside air from entering the crawl space, while covering ugly vents with an attractive panel. A closed-cell foam gasket completely covers back of vent covers to provide excellent seal and insulation. Available in black, gray, and red brick. Comes with 5 fasteners per cover.

Item # 05120B Black vent covers – box of 10

Item # 05121B Gray vent covers – box of 10

Item # 05122B Red vent covers – box of 10

Must sell by box. One color per box. Each measures 10" high x 19" wide.

Crawl Space Door

Designed to replace rotted, leaky, exterior doors. Comes in ½" thick polypropylene plastic – so it will never rot or rust. Cut it to the size you want. Door comes with hardware kit. Gray knobs and stainless steel studs are included.

Item # 05198 *2 ft. x 4 ft. – crawl space door kit

Item # 05200 2½ ft. x 4 ft. – crawl space door kit
